

I listen to K-Love Radio in Cincinnati, Ohio. This radio station serves me as a Christian since there is no other radio station I enjoy as much as this one, nor one that I want my child to listen to. If K-Love were displaced in my community, I would

not have the ability to hear the type of positive music I enjoy.

K-Love serves the public interest by providing upbeat, positive words and encouragement to its listening area and allowing people to enjoy the freedom of choice in what music they bring into their lives.
